

Printer

A printing mechanism cleaning agent for printers (paper feeding mechanisms, printhead drive components etc.), cleans heads in needle printers, the preparation does not react with plastics used in printers.

Physicochemical properties	
Product form	aerosol
State of matter	gas
Color	transparent
Odor	alcohol smell
Density at 20 °C	0,70±0,02 g/cm ³
Explosive properties	does not show
Flammability properties	extremely flammable aerosol
Flash point	undefined

Application:

- printers.

Packagings:

Volume	Type of packaging	Collective packaging	Item Code
400ml	aerosol	12	ART.AGT-185

Warehousing:

Keep in a well-ventilated place, in accordance with the applicable fire protection and safety regulations - a fire-proofed storage, without heating, explosion-proof electrical and ventilation system, flooring with electro-conductive lining; metal devices and storage facilities, tanks, containers, packages etc., where electrical charges can accumulate should be grounded. Protect from sunlight and do not expose to temperatures exceeding 50 °C. Keep away from children.
