

Shredder oil

Oil intended for shredders Ensures proper operation of the cutting knives and protects the device against frequent failures. Equipment maintenance reduces dusting, prevents paper jamming, clippings appearances on the knives and keeps the mechanism in good condition.

Physicochemical properties	
Appearance	colorless liquid
Odor	no smell
Kinematic viscosity at 40 °C	66-74 cP
Density at 20 °C	0,85-0,88 g/cm ³
Vapour pressure at 20 °C	0,1 hPa
Flash-point	>170 °C

Instructions for use:

Apply small amount of oil directly onto the cutting knives or a piece of paper and cut in a shredder. It is recommended to empty the container before oiling.

Packagings:

Volume	Type of packaging	Collective packaging	Item Code
250ml	plastic bootle with applicator	12	ART.AGT-308

Warehousing:

Store in tightlyclosed containers in a cool and dry place, away from heat sources and direct sunlight. Store at a temperature not exceeding 30 °C.
